IMPORTANT ANNOUNCEMENT

Rhema
FAMILY CHURCHES

Dear Rhema Family Churches

Following the national address by President Cyril Ramaphosa last night, the Leadership of Rhema Family Churches will suspend Sunday Church gatherings (and all large attendee meetings) with immediate effect in order to limit physical contact and prevent the transmission of the Corona virus. *The health of our congregations is our priority.*

It is vitally important to maintain connection and community as a church during this health crisis and so we recommend you to live-streaming of your Sunday services (or pre-recorded DVD) in order that we maintain our spiritual health and not our physical health only.

We will keep you informed regarding future services and any other developments as they unfold. Ps Ray is meeting with the President and other Cabinet ministers and religious leaders on Thursday to discuss this further and we will notify you of any changes or important information.

If you are a smaller congregation (Less than 100) or you can have multiple services of less than 100 you and your leadership need to decide whether you continue this Sunday with strict Health Protocol in place or follow with the larger congregations.

Let's continue to encourage everyone to join us online – we can still worship God and receive the Word together via technology!

Let us stand together in faith and pray Psalm 91.

Yours Sincerely

Pastor Larry Elliott
National Overseer

Rhema
FAMILY CHURCHES
